### *PERSONAL CALLS*

Government telephones are provided for official use only and ARE NOT TO BE USED FOR MAKING PERSONAL CALLS (USE PUBLIC TELEPHONES for personal calls).

### *TRANSFERRING CALLS*

To transfer an incoming call from the public to another number depress the handset plunger for one second and release. Wait until the operator comes in on your line, then request the operator to transfer the call.

### *TIPS FOR BETTER TELEPHONE SERVICE*

1. Government telephones are extremely busy in the afternoon between 2 p.m. and 5 p.m. Try to schedule important calls at other times during the day.

2. If you obtain information from an operator, record this information for future reference.

3. If the party you are calling is busy, leave your name and number and have the party return your call rather than "HOLD" the line. This will free the equipment for other calls.

4. Discourage prolonged conversations to relieve busy network conditions.

5. Attempt to answer all calls on the first ring. Give priority to the long-distance caller.

6. Do not use the commercial long-distance network. These calls greatly increase your agency's bill. Use the Federal Telecommunication System (FTS) and save the taxpayer's money.

7. Each local call, except between Government Centrex, costs your agency between 7 & 11¢.

8. When an 800 number will reach call destination, call 9+800+number (a free call) as opposed to using FTS which cost $.28 per minute.

### *SOLICITING, VENDING AND DEBT COLLECTION*

Soliciting alms and contributions, commercial soliciting and vending of all kinds, displaying or distributing commerical advertising, or collecting private debts in or on GSA controlled property is prohibited. This includes the distribution of materials such as pamphlets, handbills, flyers, catalogs, etc., by departmental employees to co-workers for the sales of various commercial products to fellow employees.

### *BUILDING PASSES*

Lost building passes can be replaced by contacting your administrative officer.

# CALL

# 472-1111

# TO REPORT:

FIRE, DEMONSTRATIONS, ROBBERY, ASSAULT, THEFT, MEDICAL EMERGENCY, BOMB THREAT, DESTRUCTION OF PROPERTY, CRIMES IN PROGRESS AND SUSPICIOUS PERSONS.

472-1111 Is answered 24 hours a day - 7 days a week, by an OFFICER of the FEDERAL PROTECTIVE SERVICE DIVISION of the GENERAL SERVICES ADMINISTRATION.

THIS IS AN EMERGENCY ASSISTANCE TELEPHONE NUMBER WHICH SERVES AGENCIES IN THE NATIONAL CAPITAL REGION.

## HELP US HELP YOU

**PUBLIC BUILDINGS SERVICE**
**GENERAL SERVICES ADMINISTRATION**

# EMERGENCIES

## FIRE

Fire alarm boxes are located on corridor walls of the buildings occupied by Department Headquarters offices. Each employee is expected to know the location of the alarm box nearest their office. If possible, after activating a fire alarm box, a report should also be made to the Federal Protective Service (FPS) Communications Center at 472-1111 giving particulars. Fires can also be reported by calling the Communications Center in the event an alarm box is not readily accessible.

## BOMB THREATS

Should a telephonic bomb threat be received by any Department employee, every effort should be made to NOTE THE EXACT TIME OF THE CALL AND THE EXACT WORDS OF THE PERSON MAKING THE CALL. Additional efforts should then be made to determine the following details:

When is the bomb going to explode?
Where is the bomb right now?
What kind of bomb is it?
What does it look like?
Why did you place the bomb?

Note whether the caller had an accent or other speech characteristics, and the time caller hung-up. Immediately notify the FPS Communications Center at 472-1111, furnishing all the information received from the caller. Prepare a brief written report of the call before discussing the matter with other employees.

## SUSPICIOUS LETTERS AND PACKAGES

Should an employee discover a suspicious letter or package, the FPS Communications Center at 472-1111 and the HHS Division of Security and Protection at 245-6566 should be immediately notified. DO NOT TOUCH, MOVE, OR OTHERWISE DISTURB THE PACKAGE IN ANY MANNER.

## EVACUATION PROCEDURES

Gongs, bells or public address systems are used to signal a building evacuation. When an evacuation alarm is sounded employees should immediately take the following action:

Close all windows.

Turn off electrical appliances.

Secure all classified matter.

Use nearest stairwell to first floor and exit building. Take personal belongings such as coats, and purses. Do not run but do not hesitate. Move as far away from the building as possible so as to avoid danger from possible falling glass or debris and so as not to interfere with firemen, rescue workers, etc.

Employees will be assisted by members of the Occupant Emergency Plan Organization who are posted in corridors, stairway entrances, exits, etc. They are identified by a red badge. Their instructions should be followed.

Elevators or escalators are not to be used except by the fire department or members of the Wardens Organization or by handicapped or injured persons accompanied by a fireman or warden. All handicapped persons should notify their floor wardens of their office location so that assistance can be provided in evacuating the building.

# REPORTING DIRECTORY CHANGES

INFORMATIONAL SECTION Revisions and/or suggestions affecting this section should be forwarded to Division of Administrative Services, Room 1739, HHS Building.

ALPHABETICAL SECTION Additions, changes and deletions to this section should be submitted to the Division of Administrative Services, Room 1739, HHS Building. These actions should be submitted through your agency telephone representative on Form HHS-91, "Locator File and Telephone Directory Additions, Changes and Deletions," in accordance with Chapter 15-10, HHS General Administration Manual. PHS organizations should route completed HHS-91's to Administrative Services Center, Parklawn, Room 5B42.

ORGANIZATIONAL SECTION Revisions affecting this section are furnished to Division of Administrative Services, Room 1739, HHS Building by designated agency telephone representatives prior to each printing of the Directory, in accordance with Chapter 15-10, of the HHS General Administration Manual.

Any discrepancies noted in the Directory should be reported to your AGENCY TELEPHONE REPRESENTATIVE

# FEDERAL TELECOMMUNICATIONS SYSTEM (FTS) INSTRUCTIONS

## I. GENERAL

The FTS Telephone Users Guide is written to assist users nationwide. Some of the instructions do not apply to the D.C. metropolitan area. Accordingly, the instructions provided below will supplement the Users Guide and reflect the informational procedures for FTS users in the D.C. area.

## II. WHEN TO USE THE FTS

The FTS shall be used by federal employees to make official long distance calls to Government and non-Government telephones across the conterminous United States, and on a limited basis, to Alaska, Hawaii, Puerto Rico, and the U.S. Virgin Islands.

FTS calls placed during non-peak hours of the day help relieve strain on the system. The best hours to call are before 9 a.m., from 12 noon to 1 p.m., or after 4 p.m., depending on the time zone of the number you are dialing.

## III. FTS CALLING PROCEDURES

Procedures for using the FTS Network to make a telephone call depend upon: (1) the location of the caller; (2) the location of the party called; and (3) whether or not the telephones of the caller and the person called are part of the FTS telephone network. The following instructions illustrate how to make different types of FTS calls.

### FROM AN FTS TELEPHONE TO AN FTS TELEPHONE (ON-NET TO ON-NET)

–To call from one FTS telephone to another FTS telephone, dial the FTS access code "8" and the seven digit telephone number.

Example: You want to call an FTS telephone in Ann Arbor, Michigan.

| | Access Code | FTS Tel. No. |
|---|---|---|
| Dial: | 8 | 123-4567 |

### FROM AN FTS TELEPHONE TO A NON-FTS TELEPHONE (ON-NET TO OFF-NET)

–To Place on-net to off-net calls, dial the FTS access code "8" and the 10 digit commercial telephone number.

Example: You want to call 123-4567, a non-government telephone in Fort Worth, Texas.

| | Access Code | Area Code | Tel. No. |
|---|---|---|---|
| Dial: | 8 | 817 | 123-4567 |

### FROM A NON-FTS TELEPHONE TO AN FTS TELEPHONE (OFF-NET TO ON-NET)

This service was discontinued on November 5, 1983.

### CALLS OUTSIDE THE CONTERMINOUS U.S. FROM AN FTS TELEPHONE

FTS service is available on a limited basis to and from Alaska, Hawaii, Puerto Rico, and the U.S. Virgin Islands for FTS users authorized by their agencies to place such calls.

# FEDERAL TELECOMMUNICATIONS SYSTEM (FTS) INSTRUCTIONS—Continued

### A. CALLS TO ALASKA

Dial the FTS Access Code (8) plus 907 and the seven digit commercial number.

### B. CALLS TO ISLAND HAWAII

Dial the FTS Access Code (8) plus 808 and the seven digit commercial number.

### C. CALLS TO PUERTO RICO & THE U.S. VIRGIN ISLANDS

Dial the FTS Access Code (8) plus 809 and the seven digit commercial number.

## IV. DATA ON THE FTS

Consult the Telecommunications Management Official for your agency to obtain prior approval before using the FTS for transmission of data. This includes facsimile and any terminals which are to be acoustically coupled to the FTS.

## V. FTS INFORMATION

If you do not know the FTS telephone number of the party you want to call, dial your FTS access code "8" and the seven digit number for FTS information and assistance in the city you want to call.* The FTS operator will supply you with the correct FTS telephone number to dial. *(Check the FTS User's Guide)

## VI. COMMERCIAL INFORMATION

FTS operators do not supply commercial or non-FTS telephone information. If you do not know a commercial telephone number, dial your commercial access code "9," the area code for the city you wish to call, and 555-1212. This will connect you with the commercial information operator, a service provided by the telephone company at no charge. After obtaining the correct commercial number, hang up and use the FTS to place your call. For information on toll free numbers call 800-555-1212.

## VII. REPORTING FTS TROUBLES

To help maintain service on the FTS, users should immediately report any trouble with FTS service. Call the local FTS operator "0" and be prepared to supply the following information:

1. Your FTS telephone number, agency and location;
2. The telephone number and location of the dialed telephone;
3. Brief description of the trouble encountered, such as "noise," "echo," or "cut-off."

## VIII. FTS CONFERENCE SERVICE

Conference service is available to telephones connected to the FTS within the conterminous 50 states, Puerto Rico and the U.S. Virgin Island. Up to 28 intercity telephones may be connected to a conference call. A Conference Control Center, located in Washington, D.C., FTS number 245-3333, maintains all necessary conference control records and is the point of contact for all FTS subscribers using the conference facilities.

Conference calls with 3 to 5 distant parties is also available. minimum 30 minute notice — 472-1208.

Conference calls should be scheduled as early as possible, but not less than three hours in advance of the desired time. The conference originator should call the Conference Control Center to verify the availability of the desired time and provide the following information:

1. Originator's name, agency and agency FTS identification symbol.
2. Date and time period for proposed conference.
3. Name, location, and telephone number of each participant.

The Conference originator is responsible for informing all participants of the date and time period of the conference.

The nationwide conference facility is offered at a minimum charge as specified in the current GSA FPMR Bulletin. Further information can be obtained by calling the Conference Control Center.

## IX. EMERGENCY PROCEDURES

Although the telephone is one of the basic tools for conducting official business, telephone systems are not engineered to provide simultaneous service to all telephones in the same area. To minimize possible disruption to the orderly processes of government and to ensure that outgoing calls can be made by those officials involved with an emergency, each government employee must forego or drastically limit use of the telephone during an emergency condition.

When an essential call must be made during an emergency, the caller should strive to be as brief as possible in completing the conversation. Official business unrelated to the emergency should be delayed until demands on telephone facilities have subsided, or should be conducted by alternate means of communications.

Reduction of telephone usage during emergency conditions is the responsibility of each individual.

# SELECTED WASHINGTON AGENCY DIRECTORY

Following is a list of Government Agencies in the Washington Metropolitan area:

| Agency | Switchboard Number | Office Hours | PO Stop | Zip Code |
|---|---|---|---|---|
| Action | 655-4000 | 8:30 to 5:15 | 225 | 20525 |

## GOVERNMENT MAIL IS NOT FREE

The Department of Health and Human Service spends over one million dollars every week for mail service. Your help is needed to reduce this cost. Here's how you can help.

- Use small letter size envelopes — when possible
- Don't use large flat envelopes unless absolutely necessary
- To ensure your mail is delivered within the time frame you expect, write or stamp the envelope with the qualified postal class you desire (i.e., First Class, Third Class)
- Don't use 1st class if 3rd class will do (over 4 oz.) and the item qualifies for 3rd class rates
- Express mail guarantees next day delivery to qualifying parcels — check it out with your Mail Management Representative
- When speed *and* cost are important, use Priority Mail (over 12 oz.)
- Using proper address format, including complete Zip Code, assures prompt delivery. Use the following format (four lines are usually sufficient)

DEPARTMENT OF HEALTH AND HUMAN SERVICES
Chief, Postal Management Branch
Room G-170, North Bldg.
Washington, D.C. 20201

NOTE: No entries should be made below the city, state, and zip code line.
